

## Zinc Die Casting Manufacturer-china Zinc Die Casting-INNOVAW Casting

NINGBO INNOVAW MECHANICAL is a professional supplier for casting and machined part which is widely used for Automobile, Medical, earthmover, petroleum, electricity Industry. Dedicating in long-term business with foreign customers from North America and west Europe, we are exactly know what? s the customer requirement when they provide drawings and material specification. And our engineering can suggest the best process and technology to make the component or any design changing if necessary. Most of our productsdie casting, casting, aluminium die casting, aluminum casting, sand casting, iron sand casting, investment casting, pressure die casting, gear housing, Quick Coupling Series, Precision CNC Machining Components, Valve Balls and Valve Industry, die casting, Pressure Die Casting, aluminum die casting, Investment Casting, Sand casting, Iron casting, CNC machining, alloy die casting, zinc die casting, low pressure die casting, aluminum pressure die casting, die casting machine, lost wax casting, high pressure die casting, permanent mold casting, stainless steel casting, aluminum casting foundry, green sand casting, aluminum investment casting, iron casting, aluminum lost wax casting, die casting for lighting industry, die casting Motorcycle Parts are exported to Canada, USA, and west Europe Germany, France, Italy, Norway, Finland, Switzerland, etc. and win good reputation among our customers.

## Zinc Die Casting

There are 10 sets of zinc die casting machines specialized in manufacture of zinc die casting components widely used for automobile industry, furniture, electricity industry like oven components, zinc die casting handle, car license plate frame, etc. We can provide secondary precision CNC machining, drilling, tap thread if customer required. And surface finishing always applied for zinc die casting parts like polishing, powder coating, brass coating, chrome plating, Nickel plating, or variation in barrel(tumbling) to make the part shiny and smooth.

Comparison to aluminum die casting technology, zinc die casting parts with better mechanical properties like tensile, resistance and easy applied for surface finishing variation.
